PROFILE

I am a chemical engineering student with a generalist mindset and a drive to learn across diverse fields. I balance my core technical studies in process design and simulation with hands-on projects in software development and electronics. My background in anchoring and debate helps me communicate technical ideas effectively, and I aim to bring this multi-disciplinary approach to a career in process engineering.

ACADEMICS:

SSC, 10th Our Lady of Perpetual Succour High School Chembur Score: 85.00%	2020 Chembur
HSC, 12th South Indian Education Society College of Arts Science and Commerce Sion Score: 61.33%	2022 Sion
BE, Chemical Engineering Bharati Vidyapeeth College of Engineering Navi Mumbai - Mumbai University Score: Avg. 6.95	2022 – 2026 Navi Mumbai, Kharghar

CERTIFICATES (NPTEL\UDEMY\COURSERA\OTHER)

Cambridge Assessment English, B2 First (FCE) Certificate Proven ability to communicate fluently and spontaneously in diverse environments, through both formal speaking and written technical reports.	05/2019
Altitude Process Design Engineering Course Basic Line Sizing and Equipment Sizing and knowledge of PFD and P&ID	25/03/2025 – 25/08/2025 Vashi
NPTEL Aspen Plus Simulation Software, A Basic Course For Beginners Score: 75 Silver	01/2025 – 04/2025 Online NPTEL
Udemy Microsoft Excel for Scientists and Engineers VBA Macros, Data Analysis, Regression Modeling, Optimization (Goal Seek/Solver), Numerical Methods, Matrix Operations.	24/06/2024 – 24/07/2024 Online Udemy

INTERNSHIP

Rashtriya Chemicals and Fertilizers Ltd. (RCF) - Chembur, Production Sulphuric Acid Plant and Concentrated Nitric Acid Plant	17/12/2024 – 02/01/2025 Chembur
Amines and Plasticizers Ltd. (APL) - Turbhe, Production Basic industrial equipments, batch reactor and APL Products	02/06/2025 – 30/06/2025 Turbhe

PROJECTS

Detailed Study on Distillation, Literature Survey Analyzed the principles, design parameters and operational efficiency of various distillation techniques used in separation processes. Guide/Mentor: Dr. M.V.Bagal	
Detailed study on the effect of fuel mixing ratios on solid state propellants, Literature Survey Explored the composition, classification and performance characteristics of liquid and solid propellants with emphasis on combustion behavior. Guide/Mentor: Dr. M.V. Bagal	
Review on Scavengers used in various AOPs and Quantification of hydroxyl ions., Literature Survey Reviewed advanced oxidation processes (AOPs) with focus on scavenger selection and methods for quantifying hydroxyl radicals in wastewater treatment. Guide/Mentor: Dr. M.V.Bagal	
Production of Bio-diesel from algae, Literature Survey and Experimental Work Investigated algal lipid extraction and transesterification processes for sustainable biodiesel production and energy yield optimization. Guide/Mentor: Prof. A.G.Thokal	

PARTICIPATED IN VARIOUS COMMITTEE/CLUB/OTHER

Technical Head, Chemical Dept ARISE team Developed inHouse App for InQUIZitive TechQuiz, Planned Executed and Headed with a team of 7	2025 – 2026
Anchoring Head, Council Anchoring team Coordinated with Cultural Events and Student Committees Trained and Headed a team of 12	2024 – 2026
Technical Head, Prof. N.R Kamath Memorial Quiz ChEQ26 Helped in organizing and planning of the quiz, with a team of 6	2026 – 2026
Supervisor, The Literature Club Managed Meetings and Agenda, Handled Social Media (Instagram) page	2025 – 2026
